Subject: Merger of Mhitraa Chennai into Ecoclean Pune

Dear Customer,

Change is inevitable in current business scenarios. We are constantly working on improvements at Ecoclean both in products and organization.

SBS Ecoclean Group is happy announce about the **consolidation of its business in India**. In doing so, we hereby inform you that we have commenced the process of merging Mhitraa Engineering Equipments Pvt. Ltd. into Ecoclean Machines Pvt. Ltd. (A member of SBS Ecoclean Group).

Ecoclean has recently inaugurated the new facility in Pune. The new facility in Pune, offers numerous benefits to our customers be it large production space, state of art technology centre, high end laboratory inside the clean room and so on.

Ecoclean is the market leader in the Industrial Cleaning and Surface Technology. With the new strategic move, the vision is very distinct, to enhance the spectrum of applications and products as well as strengthen the company's proximity to the customers.

We at Mhitraa Chennai and Ecoclean Pune, welcome this change. This paves a way for improving our strength, expansion of product spectrum and applications and as well as enhancing our competitiveness.

We are committed to keep you informed of all future developments. If you have any queries, please do not hesitate to get in touch with us.
